June 26, 2019

AGENDA ITEM #1:   PROGRAM HIGHLIGHT – TEXAS COMPUTER COOPEERATIVE

EXPLANATION: The Texas Computer Cooperative (TCC) is a cooperative of the 20 Texas
                    Education Service Centers (ESCs) serving over 880 local education agencies
                    (LEAs) across the state and over 1.1 million Texas students. For over 45
                    years the TCC, with the TxEIS and ITCCs systems, has been the leader in
                    delivering products and services that support Texas LEAs in managing
                    student and business information. In January 2018, the TCC completed a
                    business plan development project and announced plans to move to a single
                    product suite. An overview of the TCC business plan implementation and
                    impact of the TCC on ESC-20 will be presented.

ACTION: For Information Only.

Respectfully submitted,

Jeff Goldhorn
Executive Director
