

**GOVERNING BOARD AGENDA ITEM FORM
AMPHITHEATER UNIFIED SCHOOL DISTRICT NO. 10**

DATE OF MEETING: May 10, 2011

TITLE: Approval of Bond-Related Projects

- 4. Award of Contract for ITS Cabling System at Nash Elementary School Based on Responses to Request for Bid (RFB) 10-0064**
-

BACKGROUND: The May 2007 Blue Ribbon Budget Analysis & Facility Needs Committee identified facility improvements needed to support technology in a 21st Century learning environment. The Committee recognized for Amphitheater students to compete successfully in the modern work world they must be literate in information and communications technology. Current cabling, optics and other classroom infrastructure components are insufficient to support a technology learning curriculum. A Bond Projects program is now underway to improve the Information Technology Systems (ITS) available to our classrooms to support current and future technology learning requirements.

Request for Bid 10-0064 for ITS Cabling Nash Elementary School was posted to The Print Room and Shirley's Plan Service. Contractors registered with the Purchasing Department were notified of the bid via email and posting to the District's Web site.

Two contractors responded to the RFB.

	Core Construction	Concord Construction
Net Bid Amount	\$337,245.00	\$446,667.00

RECOMMENDATION: The Administration recommends the Governing Board approve the Award of Contract for an ITS Cabling System at Nash Elementary School to Core Construction based on their response to Request for Bid 10-0064
