

Memo

To: Superintendent Gina Butters, Weber School District Board of Education
From: Dr. Jennifer Boyer-Thurgood, Technical Services Director
CC: Robert Petersen, Dax Teuscher
Date: July 26, 2023
Re: Purchase requests

It is necessary to renew support contracts for data switches, telephony and management servers throughout the district. These data switches, telephony and management servers are necessary for successful operation of the overall network at the school including security cameras, wireless AP, Chromebook connectivity, IP phones, and day-to-day IP networking. Funds for this purchase are from regular operating budgets. All district procurement procedures have been followed. The price listed below is the NASPO/State Contract price.

At this time, I am requesting board approval for the following:

Support contract renewal – \$99,853.82

Thank you for your consideration of this purchase. As always, I appreciate your continued support of technology in the district. If I can provide you with further clarification or answers to questions, please contact me at 801-476-7979. Thank you.

Dr. Jennifer Boyer-Thurgood
Director of Technology
