

November 2022 Board Report – Food Services and Warehouse

For the Thanksgiving meal we served:

- Turkey (homemade)
- Stuffing (homemade)
- Mashed potato and gravy
- Cranberry sauce
- Dinner roll (homemade)
- Pumpkin pie (homemade)

Hats off to all our awesome cooks that put in the hard work to give our students a nice Thanksgiving meal!

George Grandchamp and Ken King have recently started and I appreciate them so much. They have helped me work almost every day as a cook.

We have an awesome warehouse staff and we welcome Tom McKay as he brings in plenty of experience. I appreciate Tom and Darren Wing—They work very hard. Our new secretary, Raynell Cree Medicine, is also very much appreciated as she is waiting for me to train her. She is very smart and is learning on her own.
