2025/2026: Transportation Supplemental Plan

Oregon Revised Statute (ORS 327.006) establishes the criteria for reimbursement of approved transportation costs by the State at 70%. The primary component of the reimbursement is daily round-trip home-to-school transportation for elementary and secondary students living outside transportation zones established by statute (1.0 and 1.5 miles respectively).

The statute includes provisions for reimbursing transportation costs for students living within these zones (non-transportation zones) if it is required for "health or safety reasons." To qualify for reimbursement, routes servicing non-transportation zones must be approved annually the local school district as a Transportation Supplemental Plan.

The primary reason for providing transportation within non-transportation zones is lack of sufficient infrastructure for a safe walkway (sidewalks, walkways, road crossings, etc.) A committee comprised of BSD Transportation, Public Safety, and Risk Management staff along with representatives from the City of Beaverton Traffic Department, Washington County Land Use, Washington County Safe Routes to School, and the THPRD Planning Department evaluate planned & completed road and pedestrian access improvements within our boundaries and determine their effect on BSD student transportation. In many cases, road and sidewalk improvements have a positive effect on school accessibility by creating safe walking routes for students living nearby who are presently transported by school buses.

The statute also includes a provision for reimbursement of Active Transportation Costs related to crossing guards and staff time required for the coordination of active transportation for students living less than 3.0 miles from school, a result of the passage of HB 3014 in 2023. Crossing guards are required when a safe walk path for students residing within the non-transportation zone exists but necessitates crossing a street which exceeds the minimum speed and vehicles per hour limits established for the associated grade levels.

Beaverton School District does not discriminate in any programs or activities on any basis protected by law, including but not limited to, an individual's actual or perceived race, color, religion, sex, sexual orientation, gender identity, gender expression, national or ethnic origin, marital status, age, mental or physical disability, pregnancy, familial status, economic status, veteran status, or because of a perceived or actual association with any other persons within these protected classes.

Mountainside HS

The proposed area (west of the school, along SW Scholls Ferry Road between SW Mountainside Way to SW Tile Flat Road) has multiple new residential developments. Washington County typically requires developers to complete infrastructure improvements as part of the permitting process. Residential development near SW Strobel and SW Tile Flat Rd installed sidewalks in prior years. These developments currently receive supplemental transportation service because of a lack of sidewalks between SW Rockridge Terrace and SW Mountainside Way. This year, sidewalks between SW Rockridge and SW Mountainside were completed, creating a contiguous pedestrian path between these new residential developments and the school.

Beaverton School District does not discriminate in any programs or activities on any basis protected by law, including but not limited to, an individual's actual or perceived race, color, religion, sex, sexual orientation, gender identity, gender expression, national or ethnic origin, marital status, age, mental or physical disability, pregnancy, familial status, economic status, veteran status, or because of a perceived or actual association with any other persons within these protected classes.

The proposed area currently receives supplemental transportation service due to the lack of sidewalks on NW Springville Road between and NW Concordia and the Courtyard Apartments. In the Fall of 2024, Washington County made improvements to NW Springville Road (Springville Road Phase 4 (Joss Avenue to PCC Rock Creek) | Washington County, OR) that included sidewalks for this segment.

Hazeldale Elementary School

This area is a new residential development approximately 0.2 miles south of Hazeldale Elementary School along SW Miller Hill Road. This stretch of SW Miller Hill Road did not have sidewalks. As part of the development process, sidewalks will be added along SW Miller Hill road for this development connecting to the existing sidewalks between SW Farmington and SW Georgene Ct. The county has released a sidewalk connectivity map for the area here: [Miller Hill Road Pedestrian Improvement | Washington County, OR](#). This year's supplemental plan only affects the new development, however additional sidewalks are scheduled to be added connecting this stretch of SW Miller Hill to neighboring areas in Fall 2025, and will be revisited in the 2026-2027 supplemental plan.
