## **W.J. Zahnow Elementary Board Report June 2025**

This summer, we are welcoming back our Preschool and Early Childhood students and staff. Thank you to all of the maintenance and custodial staff, along with other staff members for all the work with moving classrooms to different buildings.

Our custodial and maintenance staff have done a tremendous job of moving classrooms and deep cleaning the school already this summer. We appreciate all the extra work they are doing this summer to ensure everything is ready for everyone in August.

We had a couple of teachers move around due to class sizes, and we are excited to have Miss Morgan Smith as one of our Reading Teachers next year.

All new Kindergarten students who have come into the office or gone through screenings have been input into the system by our administrative assistants. This is a lengthy process, but important to have in place by the online registration date. Students who have not been in our district are encouraged to come into the office to register.

### **Looking Ahead**

July 7th - Online Registration Opens
