Re: Interlocal Agreement with City of Coppell for School Resource Officers for Campuses Located in the City of Coppell

The City of Coppell is renewing our Interlocal Agreement for school resource officers for our schools located within the City of Coppell.

The City will provide school resource officers for our secondary schools with each middle school officer being responsible for the elementary schools feeding the respective middle school.

The City pays for one hundred percent of the cost of the school resource officers.

CISD's attorney, Chad Timmons with Abernethy, Roeder, has reviewed and approved this Agreement as to form. Nothing in this Agreement has changed from the arrangement with the City in prior years.

RECOMMENDATION: That the Coppell ISD Board of Trustees approve an "Interlocal Agreement for School Resource Officers" with the City of Coppell for placement in the Coppell ISD schools located within the City of Coppell for the 2019-20 school year.
