

## SCHOOL BOARD MEETING REPORT

**Board Meeting Date:** May 16, 2018      **Superintendent:** Dave Valenzuela

**Administrator/Staff:** Scott Polen

**Type of Item:**       *Informational*       *Action*

**Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?**

Lorna Byrne 8th grade class would like to travel on June 7, 2018 to the Redding water slides in Redding, California. This is for a celebration for the 8th graders, the completion of middle school, and the moving on to high school.

**Provide history/background information on your proposal:**

The 8th grade class along with parents have worked really hard at raising the necessary funds for this trip. The students have bagged groceries, sold See's candy, had concessions at various events, and are currently involved in another fundraiser. They will be bagging groceries again at Shop Smart June 8th and 9th and also, as weather permits have a car wash.

**List the advantages of your proposal:**

This will be a positive fun event that we hope will continue to bring this class together, creating lifetime bonds. They will be the IVHS graduating class of 2022. Some of the students are from very low income families and might never have an opportunity to travel.

**List possible disadvantages of your proposal:**

An obvious disadvantage would be not having this trip approved after the kids have worked so hard.

**List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?**

The 8th graders and parents had talked about the Emmigrant water slides which is what the 8th grade class did last year. The students asked if they worked harder if they could go the the Redding water slides. We realize that there are a lot of kids that may never be able to have such a trip as fun as the Redding water slides. This will create a great memory for these kids.

**Superintendent's recommendation(s):**

**Approve:**    Yes     No

# Itinerary
