JANUARY 2021

News from the Principal

Cougar Nation-

Welcome to 2021! As we enter a new calendar year, we are looking forward with optimism that this year will be a great one! While we have been frustrated with what the Pandemic has brought, it's important to always be positive and do our best to be thankful for what we do have.

While the days seem long, time is just flying by. Entering January means that we are 4 short weeks away from the end of the second quarter. Please be sure to check with your student and talk with them about the progress that they are making in classes.

Communication is always such an important part of what we do. In my opinion this is something that is not a one size fits all. We attempt to send emails, phone messages, Remind texts, letters, social media (Facebook, Instagram). This works for many but I realize may not work for all. Please if you are reading this and feel like you would like to be communicated with in a different way or have a suggestion for us, reach out to me and let me know.

It is important to make sure that we try and be on a schedule each day during school. I can't tell you the number of students who are struggling with distance learning who tell me it's mostly because they just don't stick to a schedule. If they can be up and attend classes then I can assure you that success is just around the corner.

Contact us. My staff is committed to making sure that we send out Cougar gram postcards for positive reinforcement as well as make contact via phone calls with students twice a month. If you would like more communication let me know and we will jump on it. If you need anything please don't hesitate to ask! We will come bring you food, clothing etc. All you have to do is ask.

To close, I want to share with you how blessed I am to have this platform to help this Valley. I am thankful to work with each of you and your students.

Athletic News

Athletic news for December. We are just now able to workout with our student athletes again. The timing is a little slow but at least we can be in groups of 50 or less and be outside. As soon as the Metric numbers improve we will be allowed to go back inside also. As of right now all outdoor sports can workout and play games except for tackle football. Football can participate in flag or 7 on 7 activities. We are working on being safe and getting back together.

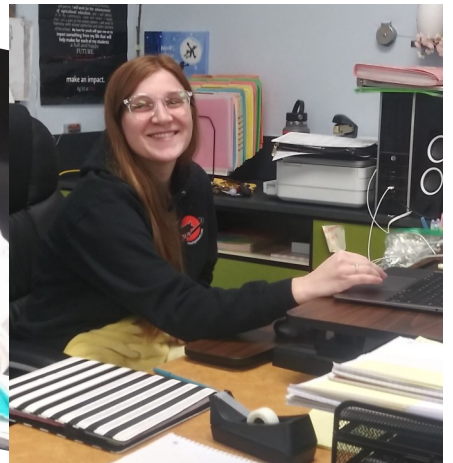

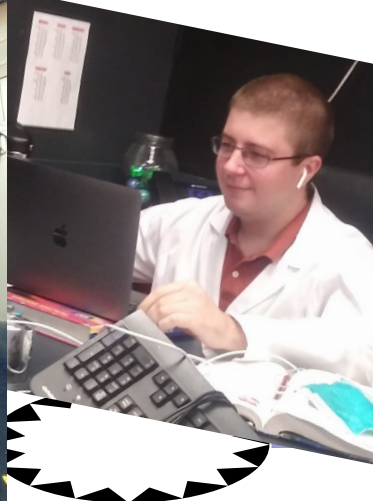

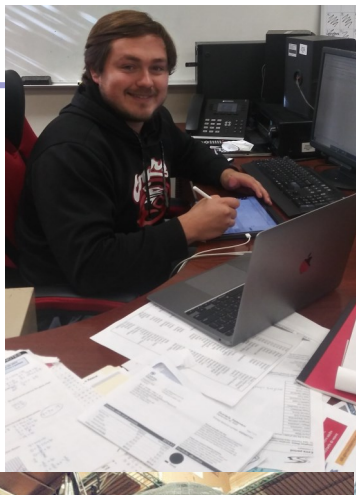

As soon as the numbers improve we will communicate this information out to all of you. Merry Christmas and have a safe Happy New Year.

Can't wait to see you all!
