Ms. Peyton LaCroix
9 Village Court
South Elgin, IL 60175

Dear Peyton,

The Mid-Valley Special Education Cooperative Executive Advisory Board has accepted your generous donation of \$750 for the New Pathways Program, serving students with neurodevelopmental disabilities and autism. I wish to express our gratitude for your contribution to our organization. Gifts like your enable us to provide special items for our students. We are going focus on your keen interest in music and purchase two Beamz music machines for our students. It is a system where even students who have very significant challenges can interact with and make music. It will help our students succeed and participate in school, increase their social interactions, and gain in self-confidence and strength. We truly appreciate your thoughtfulness in providing the donation.

Sincerely,

Carla Cumblad, Ed.D.
Executive Director
