January

Dear Evergreen Families,

Welcome to 2022! Your student is ready to tackle this new year, and we are thankful that we get to do that journey with them. A new year is a great time to look at starting new traditions and trying out new resolutions. We would love for you to pair with us and begin some new traditions at home that help support learning. Many families read each evening together, below are some fun ideas to try at home with your student in this new year.

- Play war with playing cards, but add a spin. See who can race to add or multiply the numbers the fastest. Winner gets both cards.
- On these rainy days, hide Easter eggs in the house that help build a story. For example, pick a person, place and thing. Write each one down and place it in an egg. Hide them, and once they are open, have your children help build the story. For older students, have them write it out and draw a picture. Display it on the fridge.
- Baking this time of year is also so much fun. Try doubling a recipe, but have your student help you with the math. Allow them to use the measuring spoons and cups to see how quarters and halves add up.

A new tradition we are starting here at Evergreen is wearing our Evergreen shirts every Thursday for spirit days. We will be counting participants in the new year. The class with the best participation gets the Eagle trophy for the following week. For parents who did not order their child's free t-shirt online, shirts were ordered for them through the school. These t-shirts will be distributed when students return.

Here is to a wonderful new year!

Sincerely,
Jenny Jones (Principal)

January 17th is Martin Luther King Jr. Day

In 1963, Martin Luther King, Jr. helped to organize the famous "March on Washington". Over 250,000 people attended this march in an effort to show the importance of civil rights legislation.

Some of the issues the march hoped to accomplish included an end to segregation in public schools, protection from police abuse, and to get laws passed that would prevent discrimination in employment.

It was at this march where Martin gave his "I Have a Dream" speech. This speech has become one of the most famous speeches in history.
