Comments:

We had a fantastic summer throughout the building! We were able to get to many projects and items that were above and beyond the aggressive schedule I had put in place. My team responded very well and it turned out to be a great summer. We have been transitioning back into the flow of the new school year.

I have also been working closely with Mark and Jarred on some long term planning, larger scale projects throughout the district. We have been obtaining bids and information to hopefully give us extra time to plan for a few big ticket items.

Respectfully Submitted,
