

4-Year-Old Preschool Program

Background:

A preschool program needs to meet for 10 hours a week to be in compliance with IQPSS. Principal Mark Young and Preschool teacher Melissa Sifert have met to determine the best schedule to accommodate and support students in the 4-year-old preschool program. There are currently 30 students headed into 4-year-old preschool.

Principal Young proposes the following cohorts for 4-year-old preschool:

- 8:15-10:30- Cohort 1
- 10:30-12:45- Cohort 2
- 1:00-3:15- Cohort 3

This schedule would also accommodate every other Wednesday off, resulting in 20.25 hours every other week.

Recommendation:

I recommend that the board accepts the 4-year-old preschool schedule as presented.
