SUBJECT: Executive Summary of my Progress on Approved Performance Goals

Introduction

The Superintendent, as part of the performance evaluation process, supplies the Board of Education with a report on the progress being made toward the successful completion of goals approved in September 2018. These include student academic progress as well as initiatives tied directly to the District's Strategic Plan.

Executive Summary

The presentation will share updates on the progress toward the successful completion of initiatives that support the four goals of the Strategic Plan:

1. Student Success;
2. Teaching and Learning Environment;
3. Communication and Collaboration;
4. Finance

The feedback I will provide will be in an Ignite format; 20 slides in 15 second timed increments. The presentation style has been chosen to keep the report moving and to maintain public interest in the information presented. The data contained in the presentation will be based on the Board's approved performance goals for the superintendent that were approved in September.

Opportunities for questions and discussion will follow the presentation.
