### Comments from Secure Environment Consultants

On behalf of the entire SEC team, I appreciate the opportunity to provide this proposal to Saginaw Public School District on safety, security, and emergency preparedness. The information you requested is enclosed.

As always, please do not hesitate to contact me with any questions. We look forward to hearing from you soon.

Sincerely,

Jason Russell

Founder and President

## Products & Services

Item & Description	Quantity	Unit Price	Total
Grant Site Assessment The Site Assessment is comprehensive and accomplishes a 360-degree examination of the site, its practical functions, and its surroundings. SEC identifies best practices used by the site and any deficiencies related to safety and emergency preparedness.  SEC will conduct on-site interviews with key leadership representatives. SEC will provide a written findings report detailing any deficiencies noted and offer cost effective strategies to mitigate those deficiencies. The Site Assessment takes one to three (1-3) hours per location to complete, depending on the size of the facility. During one to two (1-2) of those hours, we ask that an individual with extensive knowledge of the facility be available to provide a tour and answer questions related to operational policy and emergency procedures.	17	\$2,000.00	\$34,000.00
		<b>Total</b>	<b>\$34,000.00</b>
