Presenter(s): Wendy Wolff, Jodi Broadwell, Taylour Blakeman, Liz Johnson

Attachment:  Youth Vaping Model Policy COW Presentation 4.30.2025

Brief Summary of Presentation or Topic (no more than a few sentences):

Managing student use and misuse of Electronic Vaping Devices (both Nicotine and Cannabis synthetic products) has become a challenge in our schools across the U.S. Research has exploded in the past 10 years identifying consistent concerns regarding the impact on the adolescent brain, learning, mental health and school behavior. Policy and practice updates are necessary in order to counter the targeted advertising, high potency and accessibility that is leading to higher levels of addiction in our youth.
