Subject: 2019-2020 Calendar Update

There are three calendars currently being reviewed by the calendar committee and District Action Team. The principals have met and discussed several options for actual student attendance days, staff development opportunities and holidays. Employees will have the opportunity to vote on the calendar they prefer. The District Action Team will share the final recommendation with Mr. Marshall in early February. The final recommendation for the 2019-2020 school calendar will be made to the board at the February board meeting. Special Note: PISD and TVCC will have the same Spring break. UT-Tyler has yet to adopt a calendar but is proposing to take Spring break the week prior to ours.

Respectfully submitted,

---

Assistant Superintendent of Instructional Services
