SB 732 and adopted into OAR Chapter 581, Division 22 and Oregon Revised Statutes 328.542 and 329.095. Senate Bill 732, OAR Chapter 581, Division 22, and Oregon laws (ORS 328.542 and 329.095) require each school district to establish a District Equity Advisory Committee (DEC).

Section 4 of OAR 581-022-2307 articulates that the duties of a DEC shall include:

- Advising the school district board and the school district superintendent about the educational equity impacts of policy decisions; and
- Informing the school district board and school district superintendent of the larger district-wide climate and the experiences of underserved student groups, and advising the board and superintendent on systems development and support.
- The school district board, in consultation with the District Equity Advisory Committee, must select at least one member of the District Equity Advisory Committee to serve on the school district budget committee. A budget committee is not required to include a member of the District Equity Advisory Committee of the school district until a vacancy on the budget committee occurs by a member who is not also a member of the school district board.

The School board appoints members of the District Equity Advisory Committee at the recommendation of the Superintendent.
