

Lincolnshire-Prairie View School District 103

Memo

To: Board of Education
From: Alison Finn & Katie Reynolds, Ed.D.
Date: May 28, 2026
Re: Student Representative Discussion

The purpose of this agenda item is to provide the Board of Education with an opportunity to discuss expectations and priorities for the Student Representatives during the 2026–2027 school year.

At a previous meeting, Board members expressed interest in having additional discussion regarding the role of the Student Representatives and the types of information and topics the Board would like students to share throughout the year.

Possible areas for discussion may include:

- Topics or themes the Board would like highlighted during reports
- Frequency and format of student updates
- Opportunities for student voice and feedback

This discussion will help provide guidance and direction for the Student Representatives as they prepare for the upcoming school year and support meaningful student participation in Board meetings.
