

TEA has asked school districts to look at their calendars and make every effort to gain the loss of instructional time missed. S&S CISD has missed 6 days due to bad weather this year. It will be proposed to the board to make changes to our school calendar to make up the following days.

Day 1: May 2nd - Bad Weather Day (Already on calendar)

Day 2: May 3rd - Bad Weather Day (Already on calendar)

Day 3: **April 22nd, School Holiday:** Students will go the full day.

Day 4: **June 3rd, Teacher Workday:** Students will go the full day. The calendar will slide one day, flex will slide with this modification. This day becomes an instructional day (Flex day), May 26th becomes a regular instructional day, and the Teacher Workday slides to Saturday, June 4, 2011.

Day 5 and 6: S&S CISD will submit a waiver to the state for 2 days of missed instructional days.
