Action

Office of Deputy Superintendent Mrs. Kimberly Britton

In accordance with TPSD Board Policy BDE all TPSD Board Policies are reviewed on a regular basis in consultation with appropriate directors, principals and staff.

After reviewing the policies in Sections K (General Public Relations); L (Organizational Relations); and M (Education Agency Relations), we recommend revisions to the following Board Policies:

- KBDA Crisis Management Communications**
The proposed change allows the superintendent to choose a designee to develop a district crisis management guide rather than relying on an assistant superintendent.

- MGA Relations with Education Research Agencies**
The proposed revisions simplify the policy. Additionally, the research agency must now enter into a written agreement with the district.
