

Special Programs Board Report

April 2013

Special Education:

SPR&I file reviews and training will be April 29th this month. Staff will continue work on including specific and timely data while writing IEPs. As part of the continued training, we will also review files for procedural compliance.

SpEd Caseload: 132 k-12

ELL

The consortium will be hosting EL Achieve and Systematic ELD training this month. Teachers will work on strategies and skills for providing English Language development to English language Learners.

Staff in-service training:

April 18th, staff from the entire district are attending a free training at WESD on standards-based instruction and assessments. This will continue the work of the district plan for HB 2220 requiring districts to have a clear plan in place for standards-based grading, reporting to parents, and determining the student's progress towards a standard.
