

Admin Reports to the Board

November 2025

Kyle Luedtke Superintendent	<ul style="list-style-type: none"> • Our bomb threat on November 4 has given us an opportunity to evacuate our ms/hs building and review our safety procedures. I'm thankful for our district having the board approved Crisis Booklet. I'm also thankful for the manner our students and staff conducted themselves and the service we received from law enforcement.first responders from every level. • Legislatures are first introducing a bill to incentivize consolidation. The Loyal and Greenwood School Districts have started discussions on consolidating last spring. The financial incentive being discussed would be for funding at \$1500 per pupil in the first year, \$650 in the second and \$150 per pupil in years three and four. This is in my opinion a few years away from being available. But it is something every small, rural school district needs to be aware. • Jessica Peterson has the board members and myself registered for the WASB convention in January.
Erin Hansford Elementary Principal	<ul style="list-style-type: none"> • Through the Stronger Connections Grant, Frederic has partnered with Chris Peterson, the Parenting Professor, and the Love & Logic Institute to provide a variety of staff and family professional development that will include several area districts over the next 2 years. Our first events begin this month! <ul style="list-style-type: none"> ◦ November 20th: Parenting with Love & Logic Family Event ◦ November 21st: Intro to Teaching with Love & Logic Inservice Event • The Elementary is looking to provide additional extracurricular opportunities after school to support social skills development and positive peer relationships supported through the Stronger Connections Grant. This could look a lot like Community Education for kids: team building activities, art projects, board game nights, service projects, etc. • 4K-KG Holiday Concert will be on December 11th at 6:00pm
Marcus Cornelius 6-12 Principal	<ul style="list-style-type: none"> • Operation Help was successful this week • NHS Induction Ceremony added 8 new members 11/13 • Vision screening for 7th/9th grade went very well and the school nurse is helping facilitate follow ups for students that need. • The Veteran's Day celebration went well. The choir and band sounded great and the NHS members presented very well. Overall the ceremony was wonderful. • High School Basketball has started as well as middle school boys. Middle School Girls Wrestling also started • FBLA had a Leadership Conference 11/10-11/11
Jada Anderson Pupil Services Director	<ul style="list-style-type: none"> • Kelly Fisher and myself completed CESA training day 2 for Wisconsin Multilevel System of Supports. This specific training focused on our Tier 2 intervention systems for academic and behavior. During this time we were able to analyze our current practices, and identify areas of both strength and growth. We then created action steps for change as needed. • We have started the planning process with Polk County's Birth to 3 coordinator for our Child Development day on February 12th during Parent/Teacher Conferences. Together, we are working to create better systems with various stakeholders (e.g., county, hospitals, daycares) to ensure that we are connecting with every family about the day and getting as many birth to 3 children in the door for free screenings.

	<ul style="list-style-type: none">● Vision and Hearing Screenings will be conducted this month.<ul style="list-style-type: none">○ 13th Vision Screenings○ 20th Hearing Screenings
