To: ADE Charter Department

I am writing a Narrative explanation of my Reading Goal (item 3a) for the 2020 charter renewal process. Our school district has been identified as a Level 4 district due to our low performance on the Reading portion of the ACT Aspire.

Osceola STEM Academy currently has 53% (161 students) identified as in “Need of Support” for reading. These 161 students identified will serve as our baseline.

Our future goals will be to decrease the number of students in need of support by:

- 25% (40 students) in year 1
- 25% decrease of 121 (30 students) in year 2
- 15% decrease of 91 kids (13 students) in year 3
- Meet or exceed state readiness benchmark in Reading –Year 4
- Meet or exceed state readiness benchmark in Reading –Year 5

Our ultimate goal is to move all of our students to reading on grade-level. If we meet our goals the first three years, we would have moved 83 students from the “Need of support” category which is a 52% decrease over a 3 year period.

If you have any questions please do not hesitate to contact me at (870) 822-0261.

Christel Smith
STEM Principal
