On September 24, 2021, any student that is a noshow has to be accounted for by the school district so that they don't become a potential dropout. The administration is continuing to push to get the students in. On the first day of school, they started off with 2053 students and ended up with 2453 on September 15, 2021. The projected enrollment was to be 2509, for a difference of 382 that have not enrolled. The students in grades 7<sup>th</sup>-12<sup>th</sup> are the ones that the school district gets hit on accountability. These are students that ended the 2020-2021 school year with the school district but have not returned for the 2021-2022 school year. These students will impact the accountability as dropouts on 9/24/21. They are currently working on a total of forty students (RECHS-23, SCA - 4 and Seale-13). As of this time, they have a total of 98 being home-schooled and a total of 129 that have moved to other districts. Thus far, they have recovered 223 students for the 2021-2022 school year through enrollment initiatives: marketing, block walk on 6/27/21, two-minute televised commercials, district website, school bus advertisement, geo-tracking, and a banner on social media.
