Desegregation Analysis

The Garland County School Desegregation Case Comprehensive Settlement Agreement requires that the applicant district, as well as the other school districts in Garland County, is required to participate in inter-district school choice within the parameters of Act 609 of 1989. The district confirms that the conversion of Hot Springs Junior Academy to a charter middle school did not inhibit its compliance with the agreement, nor did it negatively affect the efforts of any Arkansas public school district to create and maintain a unitary system of desegregated public schools.
