NAMING FACILITIES

The Board shall appoint a committee of citizens to work with District representatives appointed by the Superintendent to determine the names of any new facilities. The Board shall deliver to the committee a written charge that details any criteria for the naming process. The committee shall deliver to the Board a single recommendation that shall either be accepted or rejected. If the recommendation is rejected, the committee shall be instructed to develop another recommendation. All facilities shall be named at least three months prior to completion.

The committee shall develop a brief explanation of the origin of the proposed name. The explanation shall be incorporated into a history of the District.

GUIDELINES

~~In naming school buildings or other facilities in the District, the committee shall use the following guidelines:~~

- ~~1 — Facilities may be named after persons who have served the District or community.~~
- ~~2 — School facilities may be named after any local, state, or national heroic figure.~~
- ~~3 — School facilities may be named after any local, state, or national geographic area.~~
- ~~4 — Facilities may be named for District property donors.~~

FACILITIES  
DEDICATION  
PLAQUES

Each new facility shall display a dedication plaque, recognizing those Board members and superintendents, along with the primary architect and the primary contractor, involved in the planning, construction, and authorization of District facilities.

The dedication plaque shall list the current Superintendent and all Board members serving at the time the school is officially completed. In addition, all former Board members and superintendents involved in the development of the facility shall be listed on the plaque under a special heading: "School Officials Who Served During Planning and Construction." Individual names shall be accompanied with the highest office achieved during the completion of the facility.
