

AGENDA / SCHEDULE

C&I Board Workshop
GPISD School Board/C&I Visit
to SFA (with TMC 3rd Grade Students)

MONDAY, October 6, 2025

GOAL / PURPOSE:

The purpose of this workshop is to provide the Gregory-Portland ISD Board of Trustees with an authentic, firsthand opportunity to observe experiential learning in action at SFA with TMC 3rd grade students. The Curriculum & Instruction (C&I) team will model instruction using interactive learning boards—focused on math, body systems, geography, historical figures, and voting—that are directly aligned to the district’s 3rd grade Curriculum/scope and sequence.

This visit represents a strategic step in the district’s systematic process for review, as outlined in the G-PISD School Board Score Card, and demonstrates our cadence of accountability. By engaging with students and lessons, trustees will see how experiential learning supports **Priority 1: Exceptional Student Performance**—specifically in reading, mathematics, college, career & military readiness (CCMR), and student engagement across all student groups.
