David Perry, Maintenance Director

**ACTION**

**BACKGROUND INFORMATION:**

The school district has recently been contacted by two public adjuster firms as a result of the damage sustained by the district from the storm that occurred on May 28.

A public adjuster firm will identify and value any damage the district has sustained, will document the damage, and will negotiate with the insurance company on behalf of the district.

Because of the magnitude of the damage, it is felt that obtaining the expertise of one of these firms would be advantageous to the school district.

We have met with both firms, checked references, and negotiated the fees. It is our conclusion that the firm D.A. Lamont is the best firm to handle River Road's claims, not only for this storm, but also for other damage that has been incurred by the district that has never been claimed. The fee of 7%, is ½% lower than the other firm, Adjusters International.

The attached contract has been reviewed by Fred Stormer.

**BOARD ACTIONS REQUESTED:**

Approve and sign the attached contract.
