Board Salute

Sam Battaglia - Student Services

Submitted by: Michelle Olson, parent

Sam has gone above and beyond to ensure the needs of our children are being met. She is an absolute delight to work with! She is smart and thorough, an excellent communicator, and has the fastest turn around time of all!

She has been there for our family, helping us navigate new territory, in ways I will never forget. She always prioritizes what is best for each of our children enrolled in the district. She is a true gift and I'm so thankful for her!
