December 16, 2025

Distinguished Board Members,

I come before you with a request to purchase a compact track loader for M.O.S.S. to use for various jobs across the district.

Currently, we rent most of our off-road equipment as the cost to keep and maintain some of the older equipment that wasn't used much didn't make sense. We adopted this in the last couple of years to remove older/unsafe units, and lower liability of our employees operating this equipment. Renting has been working well for us, but the demand for a track loader has surpassed the occasional rental.

Attached are the bids for compact track loaders in the 65 to 74 H.P. range. I acquired the following bids through the Nevada State Purchasing Division Equipment Contract pursuant to NRS 332.195. It is my recommendation that the Nye County School District Board of Trustees to approve the purchase of the Kubota SVL75.

Sincerely,

Sean Musselman  
Fleet Supervisor  
Nye County School District Transportation Dept
