June 8, 2018

Dear Board of Trustees,

On May 1, 2018 an RFP for Community Based Rehabilitation, Behavior Intervention, Behavior Consultation Nursing and Psychotherapy Services was made available. Bids were received from Progressive Behavior Systems and EduQuest.

The bids were opened on May 25, 2018 at 11:15 a.m. Bids were reviewed by the evaluation team consisting of the Special Services Director, Business Manager and Medicaid Billing Clerk.

Upon evaluation of the bids, the team is recommending the contract for CBRS, BI, BI Consultation, Nursing and Psychotherapy services be awarded to EquQuest. This determination was made on a number of factors. The bid was responsive to all services requested, timelines were well defined and the overall pricing is the most cost effective.

Thank you for considering this recommendation.

Respectfully submitted,

Sherry Bingham
Special Services Director
