Reviewing the following items-

1. Review of Monthly Maintenance Report
2. Current Projects

**Paul** - Ramsey's Heating and Electric has installed new units in 6 classrooms and the lunchroom over Christmas break. The teachers are very pleased. We are looking to do the rest of the school over the summer.

Front entrance security renovation in progress.

**Heyburn** Locks – In the process of converting the software to Genetec. Resurface the parking lot. (Summer Project).

**Acequia** Locks - In the process of converting the software to Genetec. Parking lot restructure (Summer Project).

**Rupert** – A contractor has been selected for the entry control.

**Minico**- Clark Property-Tree Trouble has removed several trees and pruning the remaining trees. The Ag department may plant hay or we may plant grass until we decide to build. Replaced the galvanized water line to the Math wing and English building. Identified a boiler problem that is going to require new tubes installed this year.

**East** – Putting front door cameras and working with a security company to tie exterior to the bell system.

**West** - Getting prices for the front entry for security.
