

## VI. COMMUNICATIONS TO THE BOARD

# Information Only

## **Moving Forward Together – Ideas for Reestablishing Trust and Confidence in the Tupelo Public School District**

**Mr. David Meadows  
Interim Superintendent**

Mr. David Meadows will provide an update report on “Moving Forward Together” that will include identification of various components that will need to be considered for inclusion under one or more of the four major strands. The major strands are as follows:

Recommit..... Recommit to safe, healthy schools by following a firm, fair, and consistent discipline policy. All Tupelo schools need to be viewed as sanctuaries for students and lighthouses of learning for all students and staff

Reconfirm ..... Reconfirm that our highly-qualified administrators and teachers are the frontline instructional leaders and education experts

Reestablish ..... Reestablish a focus on increased student achievement and academic excellence to improve each school's as well as the district's accreditation rating

Re-communicate... Re-communicate the eight recommendations of the PDK Curriculum Audit and utilize the recommendations as the basis for creation of school and district focus groups to identify, discuss, and establish goals for improvement
