Evergreen School Pictures Contract

APPROVAL OF THE EVERGREEN SCHOOL PICTURES CONTRACT

Background

The administration is recommending approval of a school picture services contract that includes student portrait photography and full-color printing. The vendor will provide comprehensive photography services, including individual student portraits, staff photos, and related imaging services made available for purchase by families.

Financial

There is no direct cost to the District associated with this contract. The vendor operates on a revenue model based on optional purchases by families (e.g., portrait packages). As part of the agreement, the District will receive a commission or revenue share based on sales.

Because this agreement generates revenue for the District, Board approval is required in accordance with District policy and standard financial oversight practices.

RECOMMENDATION:

The Administration recommends approval of the school picture contract with Color Portrait Services as presented.
