| Summary: | Each Local Education Agency (LEA) receives an Annual Report each school year. The Texas Academic Performance Reports (TAPR) is one of the yearly reports included in the Annual Report. The TAPR includes a wide range of information on the performance of students in each school and district in Texas. Performance is shown disaggregated by student groups, including ethnicity and socioeconomic status. The TAPR also provides extensive information on school and district staff, programs, and student demographics. The district is required to hold a public hearing on the TAPR each year and to then place the documents physically on each campus and electronically on the district web page. The TAPR report is composed of information from the 2024 - 2025 School Year that has already been shared in previous reports; however, the document provides a single location for the district and campus overview. | | | | |
