**BUT** usage, weather, exposure, natural aging and microbial contamination can cause damage to your turf.

## Protect it with an annual **MAINTAIN THE GAME® AFTERCARE PROGRAM,** performed by **AstroTurf Corporation's Certified Turf Technicians**

to improve the overall performance, appearance and life of your field.

"We've been using Jimmy and his crew annually for probably ten years now. Our fields are now in their 13th year of use – and they still look great! We do the typical seam repair, infill redistribution and anti-bacteria treatment and it's well worth it! Jimmy's crew is always on time, efficient, polite and they usually finish ahead of schedule."

"I just wanted to say thank you... for the professional and thorough maintenance service AstroTurf provided. With the installation of this new field, we wanted to make sure we do a better job of the upkeep. When we met to discuss our maintenance options, you were very helpful in letting me know what would be the best option based on our budgetary needs and type of use the field experiences. This would be the first time that our department used AstroTurf's maintenance service and I must say it exceeded our expectations. Not only did the maintenance staff arrive on time but they finished early and did a comprehensive walkthrough of the site when they were done to make sure we understood what was addressed and that it was to our satisfaction. We look forward to using these maintenance services again. We would happily recommend you to any company / organization that has an AstroTurf field."
