

# McMurry University Dual Credit Academy

## INTRODUCTION

This Agreement (MOU) is entered into on December 10, 2025 (date), by and between McMurry University ("McMurry") and Argyle ISD ("Participant") in relation to the characteristic and administration of the McMurry Dual Credit Academy (DCA) whereby McMurry seeks to provide college-level courses as described herein to high school students. Participant agrees to comply with the requirements of the DCA program.

## OVERVIEW

The DCA seeks to provide college-level courses in both a face-to-face modality and a flexible online delivery modality for high school students. Qualified high school instructors may be credentialed as university adjuncts to deliver face-to-face dual credit courses. Online courses in the DCA are offered via the TEL Education learning management system (LMS) platform to provide a robust offering of asynchronous courses to high school students and homeschool students. DCA courses are affordable at \$200 for a three-credit course and \$300 for a four-credit course. Additionally, DCA courses do not require course enrollment minimums for high school partners. The inherent flexibility and affordability of the McMurry DCA provides school districts, private high schools, and home schools with opportunities to expand their curriculum to students.

### 1. Purpose of Memorandum of Understanding (MOU)

The purpose of this MOU is to establish the roles and responsibilities of McMurry in providing dual credit courses to Argyle ISD students and Argyle ISD responsibility in participating in the DCA program.

### 2. Courses and Course Delivery

#### *Online Courses*

McMurry partners and contracts with TEL Education to deliver dual credit courses. TEL Education courses have been vetted and reviewed for quality and alignment with McMurry's curriculum, learning outcomes, and course design best practices. Courses offered for dual credit meet the highest standards of McMurry's faculty review.

#### *Online Course Delivery*

All TEL Education courses offered through the DCA are delivered in an online medium. The TEL LMS is a web-based solution that is accessible with any operating system and browser. Online courses are accessible through the university student portal: MyMcM. Upon admission, students will receive initial credentials and instructions for login.

#### *Face-to-Face Courses*

High school DCA partners may deliver face-to-face dual credit instruction with consent and approval of faculty and approval by McMurry. Qualifications and requirements regarding face-to-face dual credit instruction are included in section 3.

#### *Online Course Schedules*

Online DCA course offerings are posted to the McMurry DCA webpages. As a service to DCA partner schools, all online courses in the DCA catalog are offered every fall, spring, and summer semesters. Online courses are designed to be delivered over 15 weeks in the fall and spring and 10 weeks in the summer semester. The DCA course catalog is continually growing and future courses may be added to the DCA course schedule at the discretion of McMurry. The high school may allow eligible students approved for admission to enroll in any course offered through the DCA.

McMURRY UNIVERSITY

### **3. Face-to-Face Courses**

The McMurry DCA provides partner schools with face-to-face dual credit instruction by credentialing high school instructors who meet McMurry's faculty qualification requirements.

#### ***Request to Offer Face-to-Face Dual Credit***

Partner schools must notify the director of the DCA of their intent to offer face-to-face dual credit.

#### ***Faculty Qualifications and Course Approval***

DCA adjunct faculty must satisfy all requirements and qualifications of McMurry. Eligible faculty must have 18 graduate hours in the discipline of instruction. Eligible individuals must submit a complete application for employment through McMurry's website under the Dual Credit Adjunct Faculty job listing. A complete application requires submission of college and university transcripts. Once a completed application for employment has been received by McMurry, the individual's transcripts will be evaluated by McMurry faculty for approval to teach dual credit. McMurry's approval process may take up to four weeks, and it is highly recommended that all application materials be submitted in a timely manner, well ahead of the intended semester of instruction. Approved adjunct DCA instructors will receive notification via email of their status and the McMurry courses they are approved to teach.

The approved DCA adjunct is solely responsible for completing all HR onboarding and payroll requirements.

#### ***DCA Adjunct Pay***

The DCA adjunct pay rate will be determined using a tiered structure based on student enrollment in each section. Compensation for a section will correspond to the applicable tier in effect at the time of assignment, as outlined below:

1–14 students: Prorated at \$100 per student

15–29 students: \$1,500

30–49 students: \$2,500

50+ students: \$3,500

The university reserves the right to modify the DCA adjunct pay structure.

#### ***Training and Assessment Requirements***

All university policies articulated in McMurry catalog and faculty handbook apply to approved DCA faculty. All approved DCA adjunct faculty are required to attend DCA Adjunct Instructor training prior to the semester they intend to deliver instruction. Furthermore, adjuncts are required to attend a training each year. Training will be conducted via video conferencing, and multiple days and times will be available. Individuals who fail to attend a training session may not be permitted to deliver dual credit courses.

### **4. Academic Policies and Procedures**

#### ***Academic Instructional Calendar***

DCA courses will follow McMurry's academic calendar. Course start dates, end dates, drop dates, withdraw dates, and grade reporting dates are posted in the university academic calendar.

#### ***Books and Supplemental Materials (online)***

Online DCA courses do not require textbooks. All needed reading material, resources, and course content are included in the course modules and presented to students within the course as needed. Required materials will be included in the course fee for online courses. McMurry University reserves the right to change the books and supplemental materials for online dual credit courses.

**Dual Credit  
Academy**

McMURRY UNIVERSITY

### **Books and Supplemental Materials (face-to-face)**

Participants who elect to deliver face-to-face dual credit through a qualified and McMurry-approved instructor are responsible for course resources. The DCA tuition only covers course resources for online courses. The faculty member may select the course material, textbook, or resources they deem necessary to deliver the dual credit course. McMurry will provide textbook recommendations at the request of the faculty or DCA partner school. When applicable, free open educational resources recommendations will be provided. Additionally, textbooks already in circulation at the partner DCA campus may be utilized to deliver dual credit assuming the text aligns with the McMurry course learning objectives.

### **Pre-semester Partner School Form**

Partner DCA schools are required to submit a pre-semester form prior to every semester (fall, spring, and summer). The pre-semester form is available to partner schools in the counselor and administrator portal.

### **Application Procedure**

Students who wish to enroll in DCA courses must first complete the undergraduate DCA application process and be admitted to McMurry as a DCA student. The DCA student application consists of an undergraduate application, high school transcript, and an endorsement from a high school counselor or dual credit administrator. McMurry relies upon high school professionals and staff to qualify students for DCA courses. While McMurry will review a student's high school GPA for admission, the high school or district may wish to impose additional standards to qualify students for DCA courses.

- a. Students must complete a free undergraduate application at [apply.mcm.edu/apply](http://apply.mcm.edu/apply) prior to their intended start term. On the application, students must select Dual Credit/Concurrent Enrollment as their intended student type.
- b. A current high school transcript is required. Students may upload their transcript to their application portal. However, the preferred method to receive transcripts is through the counselor portal. High school counselors or other dual credit administrators can upload student transcripts electronically using the document upload tool found in the online counselor portal. Unofficial transcripts may be used for DCA admission but official transcripts are preferred. If unofficial transcripts are used for admission, an official transcript must be received by the start of the semester in which a student begins courses.
- c. All DCA students must be endorsed for admission by their high school counselor or dual credit administrator. Counselors can endorse students individually using a simple online electronic form found in the counselor portal.

Students are responsible for completing the DCA application process in a timely manner prior to the start of the semester. Incomplete applications will not be reviewed by McMurry for admission, and students not admitted will not be permitted to enroll in courses.

### **Admission Standards and Student Eligibility**

Completed applications will be reviewed on a rolling basis for admission. Admission criteria for DCA students is articulated in the McMurry catalog. It is recommended that admissible students have an unweighted 3.0 high school GPA on a 4.0 scale and an endorsement from their high school administrator or counselor to enroll in DCA courses. Students must be classified as a high school freshman, sophomore, junior, or senior to enroll in DCA courses.

### **Registration**

Students approved for admission must submit a registration request form in their application portal each semester.

**Dual Credit  
Academy**

McMURRY UNIVERSITY

Any student who does not complete this form prior to the start of the semester will not be enrolled in courses. McMurry will not register students on their behalf.

We recommend students meet with a school counselor or administrator before selecting courses. The courses selected by the student on the registration request form will be the courses in which he or she is enrolled. A list of students and their classes will be sent to a school administrator prior to the start of each semester.

High school course rosters may be uploaded to the counselor portal to assist with registration. Supplying the DCA office with course rosters is for information sharing purposes only. Rosters do not replace student registration processes.

#### ***Course Drops or Withdrawals***

To drop a course, students must submit an electronic dual credit course drop form. The form is posted to the student's application portal and MyMcM portal. School counselors and administrators may also access the form in the counselor and administrator portal. Drop requests via email or phone will not be accepted. The student is responsible for monitoring drop and refund dates.

#### ***Course Payment and Refunds***

Students are responsible for timely payment of tuition that is not covered by their respective high school or school district. McMurry reserves the right to withdraw students for nonpayment after the published financial settlement deadline for each semester. Students may submit payment electronically through their MyMcM portal.

A course reinstatement fee of \$50 will be assessed to any students who are withdrawn by McMurry due to nonpayment and are re-enrolled in courses. McMurry reserves the right to decline reinstatement after the published financial settlement date for the respective semester.

Course refunds for DCA courses will follow McMurry's refund schedule.

#### ***Course Load***

Students may enroll in up to 12 hours per long semester and 12 hours in total for all summer semesters. Students may enroll in additional courses over the 12-hour limit with approval from high school personnel.

#### ***Academic Standards***

Students must meet the academic standards for coursework at McMurry as defined by its catalog.

#### ***Academic Policies and Information***

The McMurry catalog articulates academic policies regarding academic probation and suspension, grade appeals, adding and dropping courses, and withdrawal processes. These academic policies apply to and inform DCA students.

### **5. Tuition, Fees, and Billing**

#### ***Tuition***

Tuition for DCA courses are \$200 per three-credit hour course and \$300 per four-credit hour course. Course materials are included in the course fee for online DCA courses. The university reserves the right to change tuition rates.

#### ***Fees***

No additional fees are assessed for DCA students. The university reserves the right to change fees prior to the commencement of the academic year.

**Dual Credit  
Academy**

McMURRY UNIVERSITY

### ***Billing***

Students will be billed for DCA tuition unless alternate arrangements have been made by the school district and McMurry University. All student bills must be paid prior to the non-payment drop date published each semester. Unpaid bills must be resolved before a student may receive a college transcript. Registration holds may be placed on student accounts with unpaid balances to prevent subsequent registration until the student is in good financial standing with the university.

### ***Third-Party Transcript Requests***

McMurry University permits the school district or ISD to request individual or bulk transcripts on behalf of students with their consent. Official transcripts can be ordered online. The cost per transcript is \$15. The university reserves the right to amend the transcript policy and change the transcript cost.

## **6. Communication and Data Sharing**

The Family Educational Rights and Privacy Act (FERPA) allows protected student data to be exchanged between McMurry and Argyle ISD for students who are dually enrolled without the consent of either the parents or the student under 34 CFR § 99.34. If the student is under 18, the parents still retain the right under FERPA to inspect and review any education records maintained by the school district, including records that McMurry disclosed. McMurry and Argyle ISD are expected to meet FERPA requirements to maintain the privacy of student data. All communication regarding dual credit should be directed to [dualcredit@mcm.edu](mailto:dualcredit@mcm.edu).

## **7. MOU**

The MOU remains in effect until any changes are deemed necessary. McMurry or Argyle ISD may request changes to the MOU at any point by submitting a written amendment request to the appropriate organization representative.

## **8. General Provisions and Definitions for Agreement**
