**ACTION**

**BACKGROUND INFORMATION:**

Implementation of the new teacher and principal state appraisal systems (T-TESS and T-PESS) is scheduled to begin with the 2016-2017 school year. We have the choice of implementing the new state appraisal system or developing local appraisal system for teacher and principals.

After completing a TASB survey, attached is the recommended language for policies DNA(Local) and DNB(Local) from TASB Policy Service.

TASB also recommends the development of a detailed regulation to assist with implementing the policies. Attached are sample regulations for DNA and DNB for your review. The regulations do not require board approval.

**RECOMMENDATION:**

Approval

**BOARD ACTION REQUIRED:**

I move the Board approve DNA(Local) and DNB(Local) Polices.
