INFORMATION ITEM: Emergency Management and E/911 Services Director Kim Elkie gave the Committee the Emergency Management and E/911 monthly update for February:

- Stats for the month of February for 911 are as follows: 647 Calls for 911 were received; 20 text messages received, and 1,884 CAD entries were made.
- Assistant EM/E911 Director Al Rapson hosted a one-day grant funded active shooter course at the Sheriff's Office with 14 people in attendance. There will be a two-day course coming up in April.
- Alpena County has a partnership with 4 other entities for 911 software. The contract has ended, and no other partners are renewing due to the lack of their customer service. Director Elkie found another vendor that the County currently uses for their CAD system that can also provide the 911 software. The other four partners are also interested and if there is a joint agreement, Alpena County will have more benefit as the other partners to not have this vendor for their CAD systems. Director Elkie will bring more information as received.
