

Montana Gear Up

September 10 – October 10, 2018

Dorrina Patacsil

Number of Activities: For most of the month I had to keep up on GEARS to make sure GEAR UP program GEARS was updated with our school numbers. It's been kind of hard due to Zach being the one in the GEAR UP office and him trying to figure out the GEARS program. I had also helped with the free school supplies and backpacks this was an awesome gift for the kids they all seem to really enjoy the backpacks. I have been getting purchase orders and check request ready for upcoming events. We also had NA week this was a great week for the kids they all seem to enjoy themselves. I and Carletta had taken the seniors to MSU-Northern to the career fair that was a great turn out. I had gone to an ACT training and this was really good information because we are trying to get our students scored improved and if our students sign up for the free waiver they set the students up and they could practice online. College application went well we had all seniors apply to SCC and a couple applied to MSU-Northern one applied to the University of Montana. We had them work on the FAFSA and some are almost done so that's our goal to have all apply by thanksgiving break.

Budget: \$269.93, \$664.11, \$1529.92, and \$321.79

Completed Task: Our Students enjoyed the career fair at MSU-Northern. They all asked if we could get to stay a little longer due to asking questions to more schools.
