

Greetings board members.

I thought it would be fun to create a new spartan logo for having the middle and high school combined now, so I had some fun creating with AI. I showed several people some of the logos I created and numerous people commented that what we really needed was a new district logo. I completely agreed so I started to play with some ideas and shared them with Mr. Spacek who thought I should get some feedback. Last week I sent out the options for voting to all staff at West Bonner County School District to get their opinions. Fifty one people voted and their responses are below with a clear lead for one of the logos.

I hope you will consider the chosen one as our new logo for West Bonner County School District. Thank you.

Julie Behrens

Option #1 GRIT saying

A

WHERE GRIT MEETS GREATNESS
WEST BONNER COUNTY
SCHOOL DISTRICT #83
