Attendance Matters!

Each student adds a unique presence to the learning community, and the learning journey is richer and deeper when classroom peers learn together. Students with regular attendance are much more likely to do well in school and beyond.

- Chronic absence is defined as 18 days a year—or just 2 days a month – even if those absences are excused!

- If a student is down considered a chronic absentee. If a student has been absent more than 10 days in a year goes
- Frequent absences can be a sign that a student is losing interest in school, struggling with schoolwork, dealing with bullying or facing some other difficulty. Whether it's transportation issues, health problems, or something else, contact the school to support and help find solutions that can make a big difference in your child's attendance and success.

.....

If you should need to contact us for attendance purposes, please email us at alexisf@nknisd.org.

Please include the following:

- Students First and Last name
- Reason for the absence
- Date or time they will return from absence

We are not always by our phone, so by emailing us it will help keep your student's attendance up to date!

We understand that students miss school due to illness, appointments or for a pre-arranged absence, but we want to partner with you to make sure your student is as successful as possible. Students with strong attendance are more likely to succeed in school and in future employment. All absences impact a student's performance and they miss out on valuable instructional time. Emailing or calling the office to let us know they won't be here is a start to keeping them on track!

at all Oregon
devices from the

start of regular instructional hours to the end of regular instructional hours. Beginning with the 2025-26 school year, Neah-Kah-Nie High School will be implementing a new phone practice. All students will be issued a Yondr pouch to store their devices, including cell phones, smartwatches, and Bluetooth headphones.

During the first week of school, students will receive their Yondr pouch during advisory. Advisory teachers will be issued a list of their students with the assigned Yondr pouches. Similar to how they keep Chromebooks for the year, students will keep their assigned pouch for the entire school year. For more information about what NKNHS is doing with electronic devices this school year, please read the letters below.
