

SCHOOL BOARD MEETING REPORT

Board Meeting Date: 7/21/2015 **Superintendent:** David Holmes

Administrator/Staff: Jamie Ongman

Type of Item: *Informational* *Action*

Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

I am requesting the approval for Ryan Lathen to attend the AP U.S. History conference in Vancouver Washington the first week of August.

Provide history/background information on your proposal:

Every other school year Ryan teaches AP U.S. History, this class alternates each year with AP World History. These classes have enabled our students to acquire dual credit with me taking advantage of the free opportunity to earn college credit while still in high school.

List the advantages of your proposal:

This conference will provide Ryan with important information regarding the course, test and support material. This will provide Ryan the ability to plan properly and in turn will enable the students to be more successful in the AP U.S. History course.

List possible disadvantages of your proposal:

Not attending will make the preparation more difficult and will require additional effort on Ryan's part to seek and find the information that he would have otherwise received at the conference.

List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?

there is no alternatives.

Superintendent's recommendation(s):

Approve: Yes No
