

*Patricia Jones, nominated by Neah-Kah-Nie High School as the September volunteer of the month...*

I would like to recognize Patricia Jones who has been volunteering since last year to organize and put on the emergency preparedness fair for our community.

Patricia has done amazing work connecting with local agencies, mentoring Senior Mychal Kelly, and communicating with school staff as things progressed.

I am sure that the best way to thank her will be to show up Wednesday evening, September 18th to make sure you are prepared for any emergency that may strike.

A priority for us is that families have a go bag with the important things they need to stay healthy and safe.

Thank you Patricia for all your persistence and passion. Thank you also for connecting us with Mary Kay Campben who is also interested in seeing community preparedness progress.

Heidi Buckmaster
