Comments

THE ABOVE BID IS BASED ON WORK PERFORMED AS DESCRIBED ABOVE; IF UNFORSEEN EXPENSES ARE INCURRED, THESE WILL BE ADDED TO THE FINAL INVOICE, WITH THIS NOTICE THE CUSTOMER AGREES TO THESE TERMS. THESE EXPENSES MAY INCLUDE: 1. More than 6" out of level. 2. Towing charges for concrete truck stuck on customer's property. 3. Flatwork over 4" thick. 4. Any changes made to plan as originally agreed. 5. Concrete pumping service. 6. Any concrete or asphalt not visible (below the surface dirt) that must be removed to complete the job. 7. Pier holes.

Prior to digging, customer is responsible to inform this contractor the location of all water, septic, telephone, electric, gas or any utility lines or tanks on property. Any and all costs to repair or replace damaged or broken lines/tanks that were not clearly marked prior to any excavation or digging are the customer's responsibility. All care and precautions will be taken to avoid yard, grass and lawn damage; however, due to the nature of the above described work and the equipment needed, the customer understands this contractor is not liable for any yard or lawn damage incurred while using trucks and/or heavy equipment that is necessary to complete this job. Any ruts, tire marks or damage to landscaping will be the sole responsibility of the customer. This bid price is good for 20 days from above date.

We appreciate the opportunity to do business together!
