Information:

Purpose:

The Board of Education approves all contracts.

Background:

The District's current contract for Internet service is with Cogent with bandwidth of 250 Mbps. The current contract will expire in July 2018. The new agreement with AT&T would increase bandwidth to 500 Mbps for two years.

Fiscal Impact:

The current program cost is \$2,450.00 per month with a 40% reimbursement from E-Rate. The agreement with AT&T will cost \$1,790.94 per month, plus \$750.00 for installation services. There would also be a 40% savings due to E-Rate. The agreement is attached for review and has been reviewed by legal counsel.

Recommendation:

The Administration recommends that the Finance Committee support the recommendation to move the District's Internet service from Cogent to AT&T with estimated costs of \$1,790.94 per month and installation cost of \$750.00.
