0144.5 - **BOARD MEMBER BEHAVIOR AND CODE OF CONDUCT**

The Board functions most effectively when individual Board members act ethically, professionally, and responsibly. School Board members serve as a member of the School District's governing body and do not have individual authority to represent a policy or enforce positions that are not supported by a majority of the Board as evidenced by official action of the Board (See Bylaw 0143 - Authority of Individual Board Members).

Board members accept responsibility for the well-being and positive leadership of the School District, for protecting the interests of the School District as a legal entity, and for facilitating governance for the purpose of delivering the highest quality educational and related services to all of the District's students. Conduct by Board members that compromises the **reputation or** legal position of the District ~~should be avoided~~ **is prohibited**.

Any authority delegated to the Board President in this policy is automatically vested in the Board Vice President in the event that either the Board President is unavailable or the Board President is the Board member accused of violating this policy.

General Expectations of All Board Members

- A. Attend all scheduled Board meetings insofar as possible, and become informed concerning the issues to be considered at those meetings.
- B. Be familiar with and follow applicable local, State, and Federal laws and regulations.

- G. Treat others with respect and dignity at all times, ~~and~~ maintain decorum, and always communicate in a way that does not violate or illustrate disregard for Board policy concerning harassment or discrimination. This decency expectation applies in all communications, including while discussing sensitive, controversial, or matters involving disagreement.

- H. At all times conduct themselves in the best interest of the School District, including avoiding implicating the District in unlawful activity or supporting or encouraging efforts to harm the reputation, legal standing, or to bring other material harm to the interests of the District or the Board.

Board Member Communication

Board members are expected to refrain from engaging in communication on behalf of the Board or on behalf of the District unless authorized to do so by majority vote of the Board (See Bylaw 0143.1).

Any Board member who chooses to engage in individual communication on matters related to Board and/or District business is expected to clearly identify whether the Board member is communicating in the following capacity:

- A. On behalf of the Board: normally, this is the function of the Board President or in the President's absence, the Vice President. The Board may by majority vote delegate this responsibility to another Board member in a specific circumstance. In every case, the Board Member communicating the Board's position shall do so as determined by the Board and avoiding individual interpretation or editorializing.
- B. As an individual Board member, but not on behalf of the Board: a Board member who speaks, including online, in social media forums, or in any other public forum, on matters related to Board and/or District business, but not as an officially designated spokesperson of the Board. The Board member must specify that any statement is not sponsored by the District and is a personal viewpoint.

Board members who fail to adhere to this expectation, or who publicly communicate false or intentionally misleading information pertaining to Board action or District policy, will be asked to correct such communication in a way that is likely to reach the same audience as the false or misleading information. The Board President is authorized to communicate such requests to the pertinent Board member.

The Board President is authorized to issue public statements on behalf of the Board in the event a Board member expresses false or misleading information, or makes statements without properly identifying whether the member of the Board is speaking as an individual Board member. The President's communication should be limited to correcting the false or

misleading statement, clarifying that the Board member was not speaking on behalf of the Board, and providing information relative to Board action if any on the subject matter.

[X] Board Member Use of Electronic Communication Devices Prohibited

An individual Board member's use of electronic communication devices, such as cell phones or smartphones, during a Board meeting, both during open session and during closed session, may lead to the public's and/or other Board members' perception that a Board member is not paying attention to the subject matter at hand or that a Board member is receiving information relative to the subject matter at hand that other Board members and members of the public are not receiving, or is communicating with persons not at the meeting regarding the subject matter of the meeting, any of which is inimical to good government and transparency, and, in the case of a closed session, may also be contrary to the legal interests of the Board. Therefore, the Board's use of electronic communication devices (including cell phones and smartphones), other than for the purpose of accessing agenda materials that are on a Board member's tablet or lap top computer, is prohibited during Board meetings.

Exceptions may be made by the Board in case an emergency or other special circumstance warrants an exception.

[END OF OPTIONAL SECTION]

Handling of Complaints by Members of the School Board

As individual Board members are frequently confronted with complaints by teachers, parents, and the public in general, it seems prudent to establish guidelines for the handling of these complaints.

Board members must remember that as individuals they have no legal status and that the only time Board members can legally transact business is when meeting together as a Board in a legal session.

It is wise for a Board member to postpone the formulation of an opinion until hearing the issue discussed by the Board as a whole, where all the aspects of the problem are aired. A Board member should not obligate other members of the Board by predicting how they will vote.

Therefore, the following procedure is established for the handling of complaints made to individual Board members.

- A. Neither the Board as a whole nor any individual member will entertain or consider communications or complaints from teachers, parents, or the general public until, or unless, such communications or complaints have been routed through the proper channels.
- B. If a Board member is approached by a school employee on matters of school policy or school problems, the employee should be advised by the Board member to refer the matter to the principal or supervisor. If the employee is not satisfied by the determination of the principal or supervisor, the problem may be brought to the attention of the Superintendent. If the employee still feels the determination is unsatisfactory, the problem may be brought to the attention of the School Board by letter or personal appearance.
- C. Similarly, if a Board member is approached by a parent who has a complaint, the parent should be referred to the principal of the school of the teacher involved. If the parent is not satisfied by the determination of the principal, the problem may be brought to the attention of the Superintendent. If the parent still feels that the determination is unsatisfactory, the problem may be brought to the attention of the School Board by letter or by personal appearance.

Board Member Interaction with Staff

The general expectations of Board member decorum and civility apply to interactions with employees; however, because the Board is the employer of all District staff, this responsibility is appropriate for special reference. Each Board member is an individual with the authority to bring matters to the Board and to influence matters related to staff. Therefore, it is imperative that Board members treat all employees with respect and as professionals. Board members are also required to comply with Board Policies governing employee anti-harassment, non-discrimination, and threatening behavior.

No Board member has inherent authority to require any staff member to respond to the Board member regarding a specific request for information or to direct any staff member to perform or not perform any task, except as provided by Board policy or as directed by a majority vote of the Board.

Board members' access to and request for School District records and information is governed by Board Bylaw 0143.2.

Board Member Records and Confidentiality

Board members are expected to maintain their own public records created on resources not controlled by and thus not maintained by the School District. Each Board member is an elected official responsible for preserving all public records the Board member creates, and complying with requests to inspect such records. The District has no obligation nor responsibility to assist any Board member in fulfilling this responsibility with respect to records that are not maintained by the District.

Board members are encouraged to review Board policy defining and explaining public records, their maintenance, and public access (See Board Policy 8310).

Board members are expected to maintain and protect the privacy of District records, including student records, and communications received in closed session meetings of the Board. **Board members must also protect and not disclose records consistent with, and governed by, the Family Education Rights and Privacy Act (FERPA).**

Enforcement

Complaints alleging violations of the Board Member Code of Conduct may be brought by any person and can be submitted to the Board President or, if the Board President is the member accused of violating this policy, to the Vice President.

The President or Vice President shall review the complaint and determine whether the officer can investigate the matter or if the President or Vice President needs to contact the School District's legal counsel for support. Upon completion of the investigation, if the conclusion reached is that the Board member violated the policy, the investigator shall brief the Board and may recommend action to be taken.

Board members are elected officials and therefore cannot be disciplined, prevented from participating in Board meetings, or removed from office by the Board. The Board may consider the following:

- A. **F**ormal censure by resolution passed by a majority of the Board in an open session meeting of the Board;
- B. **R**emoval from Board committee assignments for the remainder of the year and until the following organizational meeting of the Board, at which time the President is authorized to continue to withhold committee assignment. Approval of this sanction is an adopted exception to Bylaw 0155;
- C. **R**estriction on Board member rights granted by policy, including requesting items for a Board meeting agenda;
- D. **R**eferral to proceed with efforts to remove the Board member from office for cause, which means inefficiency, neglect of duty, official misconduct, or malfeasance in office;
- E. **R**eferral to law enforcement if any alleged misconduct constitutes potentially unlawful conduct;
- F. **O**ther efforts to pursue compliance with and adherence to the policy as determined by the Board and not prohibited by law.
