Time for Testing:
· 30 minutes for initial screening testing (one-on-one testing)
· 30 minutes for parent interview and motor skills perception assessment (given only if the student meets the minimum required score of the 90th percentile on the initial screening test)
· 30 minutes for scoring, processing of paperwork

Parent Communication:
· Call to schedule initial screening testing
· Call with results from the initial screening testing
· Mail home a parent letter with results (copy is sent to the residing school)
· If student doesn't qualify, include a preschool packet application with the parent letter
