

# Technology Dept Report

October 17, 2016

## Transportation Program (BusBoss)

- Installed server for the new BusBoss software. Training is scheduled in October.

## Online Registration

- We are working on a new student registration form that will allow a brand new student to fill out all the necessary paper work online without the need to come to the school. This should be completed in October.

## Classroom Technology

- Received and setup several devices and carts purchased with classroom technology funds.

## Work Orders

- Every fall we have our largest amount of work orders received. During August, September, and October we primarily focus on solving our work orders.

## Work Orders

- June
  - 38 New
  - 34 Resolved
  - 53 Incomplete
- July
  - 22 New
  - 33 Resolved
